## WORK EXPERIENCE

---

*Exzellenz Career Shapers PVT. LTD.*  
**Full Stack Developer**

*Bengaluru, Karnataka*  
**Sep 2023**

- Experienced in crafting interactive web apps with React.js, Next.js, and Node.js, specializing in component-based architecture, state management, and backend development. Successfully integrated AWS S3 for uploading files and images, enhancing backend capabilities and enabling robust file management within web applications.

*Viraj Web Group PVT. LTD.*

*Remote*

**Associate Software Engineer(Intern)**

**May 2023 – Aug 2023**

- Designed and maintained RESTful APIs using Node.js and Express.js, ensuring efficient and secure communication between frontend and backend systems. Developed comprehensive API documentation with Swagger, promoting clear communication and consistent usage among stakeholders.

*Alpha World Tech PVT. LTD.*

*Indore, Madhya Pradesh*

**Full-Stack Developer**

**Jan 2022 – Dec 2022**

- Led the development of scalable full-stack systems, meeting client requirements using the MERN stack and improving development speed by 20%. Collaborated effectively with cross-functional teams, excelling in design, coding, inspection, reporting, and debugging.

## PROJECTS

---

### Inventory Flow

- created a user interface that makes it simple to export Excel reports and manage customer information.
- Implemented the back-end using **Node.js** and **Express.js** to handle **data processing** and **API endpoints**.
- enabling timely updates, accurate data, and a seamless, error-free user experience.
- Employed a technology stack featuring HTML5, CSS, Tailwind, React.js, MongoDB, Node.js, Express.js, RESTful APIs, and JWT authentication for a robust system.

## SKILLS

---

**Programming Language:** Python, Java, JavaScript, C++, Data Structure
